

# Touch of Love Care Kits

**This Valentine's Day, February 14, 2008,  
let's touch the lives of orphans in Congo with God's Love.**

We can show Congolese orphans once again that we love them by putting together **Touch of Love Care Kits**. Last Valentine's Day was our first year to organize this, and we had a huge response, with around 2,000 love kits sent off to these children. We hope once again that children and whole families will participate.

**In your Touch of Love Care Kit,  
include the following in a Ziploc gallon bag:**

- toothbrush
- toothpaste (8 oz)
- bar of soap (4.5 oz)
- 2 pens & 2 pencils (not more!)
- a small notebook (not larger than 5x7)
- 4 balloons
- a hand towel
- a small pencil sharpener

*(remove toothpaste and soap from boxes. Place bar of soap in small ziploc bag)*

***\$5.00 per kit for shipping***

A Valentine's card on cardstock should be included in each care kit. Included with this flyer is a sample sheet of the cards. Childrens can decorate, color, sign, and put one cards in each love kit. A Bible verse is written on each card in Lingala:

I John 4:9 = Yoane 4:9  
John 3:16 = Yoane 3:16  
Romans 5:8 = Baloma 5:8  
I John 4:10 = I Yoane 4:10

Have children and families get involved in a true act of love as your church collects these **Touch of Love Care Kits** this coming Valentine's Day. Mail all kits to Touch-Global, with a check sent in separately for shipping costs. Consider taking an offering to help cover shipping costs for Congo.

We have also now officially launched **GlobalFingerprints**, the EFCA Congolese Orphan Sponsorship program. Congolese families care for orphans in family settings, and are assisted with educational, spiritual, medical and nutritional needs for that child through our sponsorships. For more information,
